

# Steps to access the **LogicLoom 3.0** Participant App

**Go to <https://logicloom.iitmparadox.org> and click on 'Sign in'.**

- Sign in using your IITM student mail id.

- If your friend (team lead) has invited you to his/her team, enter the team code and join it. You can also create your own team.
- You can only join the team if it has less than 3 members and you are not in any other team.
- A team can have 1-3 members. Being in a team is necessary to participate further.

### Team Formation

Welcome, [ ] to yet another Algo-rhythmic journey!  
Either join a friend's team OR create a new team. A team can have 1-3 members. **Even if you want to participate solo, team creation is COMPULSORY.**

Join a Team

Enter Referral Code  
Ask your friend for team code ...

Join Team 🗨️

OR Create your own Team

Team Name  
Name your team ...

Create Team ➕

- If you've created the team "Hi123", invite your friend(s) using the code (click on Invite button)

### Team Formation

Welcome, [redacted] to yet another Algo-rhythmic journey!

Either join a friend's team **OR** create a new team. A team can have 1-3 members. **Even if you want to participate solo, team creation is COMPULSORY.**

Hi123

- You may participate as a solo team **OR INVITE** 1 to 2 friends to your team.
- Your team will get bonus points if you have more than one member.

Invite Via WhatsApp 

Invite Via Email 

### Team Members

[redacted]@ds.study.iitm.ac.in)  Leader

Want to start a fresh team?

Delete Existing Team 

- Once the friend whom you asked to join validates the code, he/she gets added to your team!
- Team lead gets an option to delete a team. This is only possible till none of the team-mates join.

Hi123

- You may participate as a solo team OR INVITE 1 to 2 friends to your team.
- Your team will get bonus points if you have more than one member.
